

Cutting Blades

Ceramic Utility Blades

in Safety Dispenser of 100

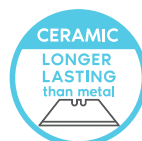

A58CB-100

prevents injuries

safer than metal blades

outperforms metal blades

durable precision edge

The Diplomat A58CB-100 **Ceramic** Utility Blades come in a safety dispenser of 100 and are designed to provide longer lasting sharpness and outstanding edge retention, making them a reliable choice. These ceramic blades are rust-resistant, non-conductive, non-magnetic, and non-sparking ensuring that they outperform traditional metal blades, making them a superior safety choice.

Features & Benefits

- Safer than metal blades
- 0.6mm thick, durable blade
- Reversible blade for double the life span
- Last longer than metal blades
- Fewer blade changes meaning less downtime and fewer injuries
- Rust-resistant; performs in wet, humid and chemical environments
- Does not conduct electricity, non-sparking, and non-magnetic
- Glides consistently through tough materials
- Smarter and stronger than metal
